---

National Floriculture Honor Society  
Psi Chapter  
Department of Horticultural Sciences  
Texas A&M University

October 18, 2000

Dear Luis,

Congratulations! Because of your achievements in Floriculture or Ornamental Horticulture, you have been nominated for membership in Pi Alpha Xi.

Pi Alpha Xi is the national Floriculture Honor Society and its purpose is to recognize and encourage excellence in Floriculture/Ornamental Horticulture. The Psi Chapter of the society was started at Texas A&M University in 1978 and has grown to 236 members.

I encourage you to become a member. Through the society, you will learn more about floriculture and about leadership.

Dues are \$20, which includes lifetime local and national dues, membership certificate, lapel pin, and admission to our initiation banquet. This year's dinner will be held in HFSB room 225 on November 2, 2000 at 7:00 p.m.

Please make your check payable to Pi Alpha Xi and return it to Sharon Duray in HFSB 205 by Friday, October 27. If you have any questions, contact me at 845-8560 or you may speak with Sharon.

Sincerely,

Dr. Don C. Wilkerson  
Pi Alpha Xi Faculty Advisor
